### Software Installation

Be sure you have access to SuperACE<sup>™</sup> before using Pocket SuperEASY<sup>™</sup> to collect cruise data. Pocket SuperEASY™ will only download cruise data to a PC or laptop computer that has a copy of SuperACE<sup>™</sup> installed. Pocket SuperEASY<sup>™</sup> is not compatible with previous versions of SuperACE<sup>™</sup>.

To install Pocket SuperEASY™:

- 1. Make sure your mobile device is "synced" to your PC.
- 2. Load the installation CD on the PC.
- 3. Open Control Panel on the PC.
- 4. Select "Add/Remove Programs"
- Select "Add New Programs"
  Click on "CD or Floppy"
- 7. The following screen appears

8. Click Next

9. Browse to the CD and select Installer.exe located in the PocketEASY folder and click Finish.

	Welcome to the PocketPC Installer Professional wizard for PocketEASY.
	This will install PocketEASY onto your device.
	Click Next to continue.
